

Midterms with NotebookLM

Google Campus Ambassador

Will Teyema

- SWE Intern last summer in NYC
- Currently promoting Google and Gemini adoption on campus
- Google Developer Group and ACM Officer
- Incoming SWE Intern in SF

Midterm exams are hard

Time Crunch

Balance many different courses at once with looming hard deadlines

Too much information

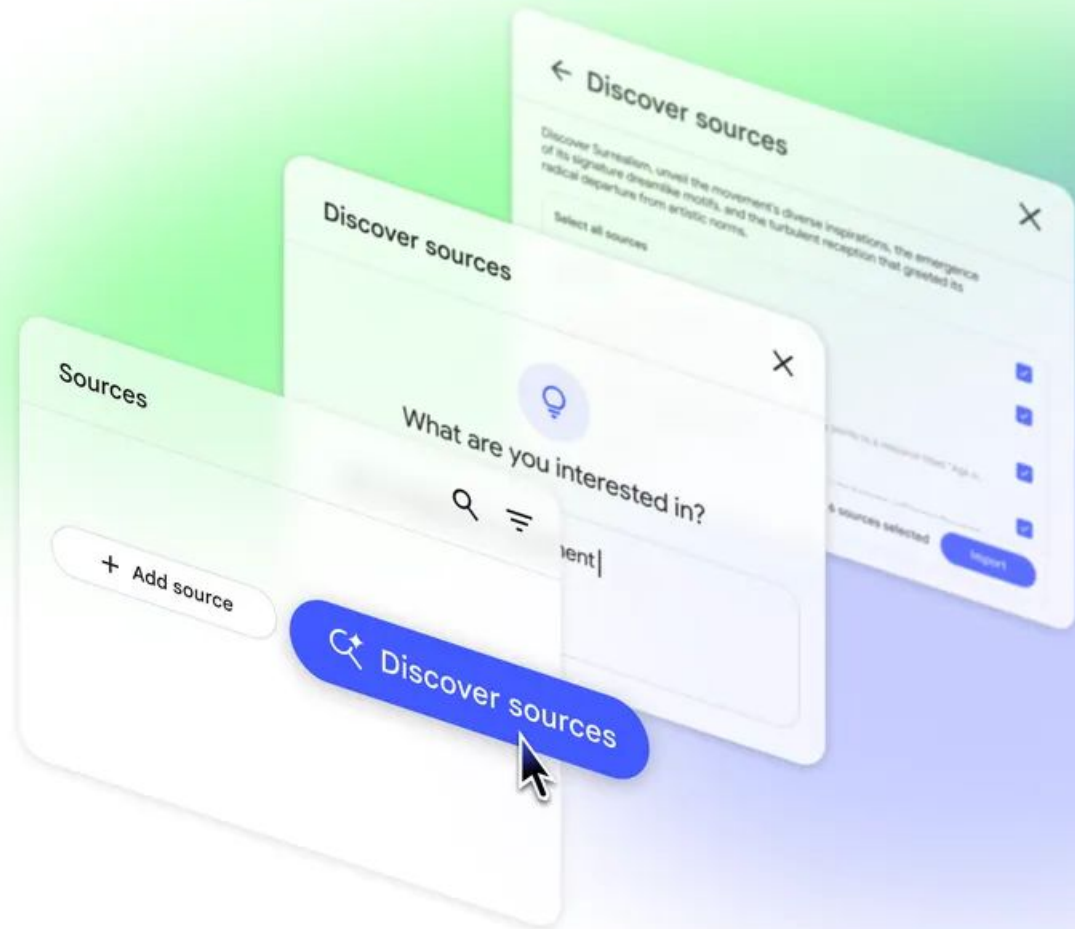

Reviewing hundreds of lecture slides, textbook chapters, homework assignments

Mastering Concepts

Gaining a good understanding of all the topics covered

NotebookLM

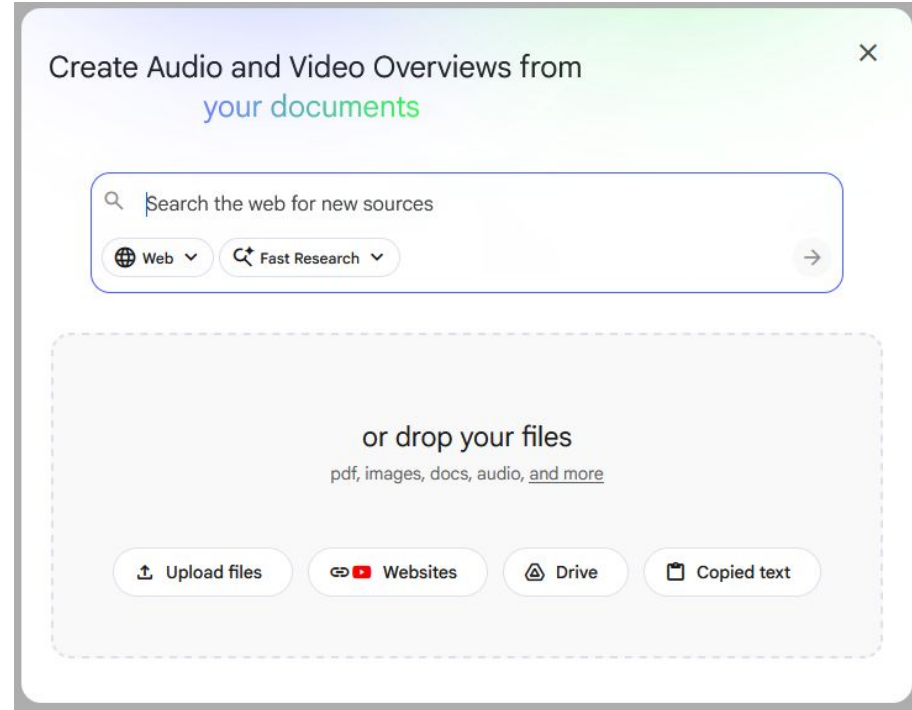

Grounded Study

Source-Focused: Upload your specific course PDFs, slides, and URLs.

NotebookLM only answers based on *your* materials.

Citations Included: Every answer links back to the exact page and paragraph in your source documents.

Automatic Summaries: Instantly get a "Notebook Guide" that identifies key themes and suggested questions.

Instantly Create Study Material

Review Sheets

Create cheat sheets easily
compress all the
information in your sources
into a quickly digestible
